Re: Resolution 18-020 Adopting All 2019 Budgets and Appropriating Funds

Date: November 27, 2018

Enclosed you will find the resolution that formally adopts all budgets and appropriates the amount of funds for each area. Any final changes to the General Fund budget, and/or to any of the other budgets, including for the TID #2 and #3, need to be reflected in this document before approval.

Final drafts of the General Fund and Capital budgets are enclosed. The final General Fund draft reflects the final state aid estimates received.

For the Capital budget, several adjustments have been made. None of the adjustments affect the levy amount, or the items that have been previously approved. These adjustments are for projects that have not been completed. Specifically, \$45,000 was allocated in 2018 for City Hall windows. This has been renewed and increased to \$50,000. In addition to windows, City Hall is in need of new doors and locks as well as gutters. This amount will not cover all of these needs, but will allow us to address at least some of these issues. \$8,000 was allocated for cemetery roads. This has not been done, but the amount is requested for renewal to address the roof on the maintenance building at the cemetery. For the Library, \$20,000 was allocated in 2018 to address ADA issues. This work was not completed in 2018, but is approved and ready to proceed for 2019. Only \$15,000 is needed to complete this work. Under conservation and development, \$20,000 was slated for a property demolition at 311 W. Pine Street. The demolition did not happen because the USDA did not notify the City when the property was available to be taken. As such, it is now in the hands of the original owner and we have to negotiate with the owner. I am requesting this item be renewed. Under Athletic Fields, \$10,000 was allocated for a basketball court. That was not completed this year because the Parks Committee has not yet had a chance to get to all of these plans. I request that amount be renewed. I am also requesting \$40,500 of the anticipated fund balance be allocated to the West End Dock Replacement Project.

With all of these changes, I am anticipating that the budget amount is being taken up to the top of the expenditure restraint limit. Nonetheless, I am checking with the Department of Revenue to verify that this

is correct. If it is, my recommendation above stands as this would mean that we will not be able to make any budget amendments in 2019 to increase the Operating Budget or Capital Budget without losing about \$34,000 dollars in state aid in 2020. If we are successful in obtaining grant dollars for the West End Boat Ramp Project, the project will need to be run out of the Harbor Commission or TID #3 budgets, and the \$40,500 will need to be transferred to whichever fund will run the project.

If the use of the Capital Budget fund balance is possible without affecting the expenditure restraint program, then \$42,000 of unspent dollars from the Treatment Plant Project could go to the Solar Panel Project. In addition, I would increase the allocation to the Boat Ramp Project by \$9,500. I will have the answer to this question prior to the Council meeting. If these changes are possible, a revised Capital Budget and resolution will be presented.

Please let me know if you have any questions regarding this resolution, or final changes to the budget.

Re: General Fund Budgets, Tax Levy, and Library Exemption

Date: October 30, 2018

First, there is a public hearing on the proposed 2018 Tax Levy for the 2019 budget. This is an opportunity for the public to comment on budget provisions and express their thoughts on the proposed tax amount.

This year, an increase in the levy is proposed in order to help cover principle and interest charges related to the City's contribution to the Coal Dock Rehabilitation Project. Any desired reduction to the levy amount would require a reduction in either the capital or operating budgets. In future years, assuming no additional borrowing, the levy amount should decline as it is required as debt is paid off. I recommend approval of the attached Levy resolution.

As I write this, I do not have what the exact mill rate will be for the City of Washburn as I have not received the total assessed value of the City yet. I should have that information by the Council meeting. The Council still has the ability to make any last-minute changes to the budget if it so chooses. Once the levy is set, no additional changes can be made that would adjust the levy amount. We will be using that amount to prepare the tax bills for distribution in December.

Finally, included for your approval is a resolution for being exempted from the County Library Tax. This is an annual resolution that must be adopted by communities that fund their own libraries so they do not have to pay County property tax for that service. The County does contribute an amount each year to help fund our Library from the taxes received from towns and communities without a library. That amount is included in the budget. I recommend approval of this resolution.

Please do not hesitate to contact me if you have any questions on any of these budget matters.

Re: 2019 General Fund, Debt Service, and Capital Budgets Following Finance Committee Review

Date: September 28, 2018

Attached you will find revised versions of the 2019 General Fund, Capital, and Debt Service budgets. On the Debt Service budget, I have adjusted the principle and interest payments to reflect the final amortization schedule for the new Coal Dock loan. Fortunately for 2019, health insurance is going to decline because one of the providers has lowered rates, and an additional employee is taking advantage of our buy-out program. I am not indicating all of the various line items that are adjusted because of that. This savings is in the neighborhood of some \$50,000 from what was originally budgeted. The Finance Committee made a couple changes to the proposed budget, including adding \$10,000 for Bayfield Street sidewalks and contributing up to \$15,000 to place sidewalks on 5<sup>th</sup> Avenue between 7<sup>th</sup> and 8<sup>th</sup> Streets. Additional changes are outlined below. Please bring the previous version of the budget with you in order to have any of the line item explanations and capital information. If you no longer have that document, I can make you a new copy.

***Revenues:***

General Property Taxes – Figure adjusted to reflect additional allocations to Debt and Capital Budgets. (Decrease of \$25,829)

Expenditure Restraint – Figure adjusted to reflect estimate received. (Increase of \$8,769)

Transfer from General Fund – Decreased to offset net increase in revenue and changes in expenses as outlined in this memo. (Decrease \$20,454)

***Expenses:***

Mayor's Retirement – Not eligible. (Decrease \$537)

Fire Department – Increase Fire Chief's stipend by \$500, Two Assistant Chiefs by \$250, Run amount by 2percent, and corresponding FICA. (Net Increase \$1,378)

Ambulance Service – Increase Director stipend by \$500, Assistant Director by \$250, three other officers by \$100, and corresponding FICA (Net Increase of \$1,130)

Economic Development – Discontinue membership with Great Lakes Cities organization (Decrease \$1,200)

Econ.Deve.MainSt Flowers – Increase to have funding available for Bayfield Street beautification (Increase \$5,000)

The Council should review these changes, and Council members will have an opportunity to provide their own suggestions for changes as well. By the end of the meeting, the goal is to have a tentative budget for publication. A public hearing must occur at the November meeting to set the tax levy.

Please let me know if you have any budget questions.

Re: Proposed 2019 General Fund, Debt Service, and Capital Budgets  
Date: September 5, 2018

***Overview:***

Enclosed is our recommended 2019 general fund budget which includes debt service and capital outlays for your review. Final figures for shared revenues, highway aids, and health insurance have not come in, but we are making the best estimate possible based on projections and information available.

There are three significant policy issues that are going to require additional planning that will stick out in this budget. Those issues are: 1) debt retirement and possibility of future debt to keep up on capital projects; 2) maintain staffing levels, specifically this year the Public Works Director position, and what the City needs to do to maintain staffing levels if the City desires to keep the same level of services; and 3) address the issue of a lack of EMT coverage during the weekday/daytime shifts.

Given that there are still some variables and adjustments that will need to occur, the total operating portion of the budget at this time is \$2,334,837, an increase of 3.23 percent over 2018. The capital portion of the budget is \$231,378 a decrease of 37.7 percent from the 2018 budget. The debt service amount is \$417,368, an increase of 46.44 percent from 2018. Please keep in mind that these numbers need to be put into context as there are always some shifts from the previous year that are not reflected in that simple summary. The proposed budget maintains a fund balance reserve of approximately 18 percent of the operating fund budget based on the projected fund balance available on October 31, 2019. Ideally, the operating budget should be trimmed a bit more, but there are some important policy decisions that will need to be made. It is important to keep the operating budget in check because the tax increase that was approved two years ago was temporary and intended for capital needs. It should not be relied on for operating expenses as that can not be sustained. If that tax increase was not approved, our proposed Capital budget would be \$1,378.

This budget contains an assumed property tax levy for general fund, debt service, and capital projects of \$1,077,351. This is up by \$37,318 or 3.6 percent. This increase is because of the new loan for the Coal Dock Rehabilitation Project which I am estimating principle and interest charges to be \$48,575. As you will recall, the maximum amount of levy capacity was put into place two years ago in order to boost the capital projects budget and catch up with a growing list of items. With only a very modest rate of growth in the City, this levy amount will need to start coming down in the next several years as debt is retired and the levy capacity goes away. Without this new loan, the levy amount would have decreased.

Unfortunately, at this time we do not have the assessed value for the City of Washburn which is needed to determine the mill rate. For 2019, there is a levy limit in place based on the rate of growth over the previous year which was .58 percent. Moreover, the State changed the personal property tax rules and is providing a small amount of additional aid because they are no longer taxing some categories of the personal property tax. Because of this, our ordinary levy growth of \$4,628 is being reduced by \$3,884 allowing for an additional levy of only \$744. I will try to not spend this all in one place. This base levy limit is now \$798,776. The additional levy capacity that is being utilized is for the amount of debt that was authorized after July 1, 2005. As that debt is retired, the levy amount, currently at \$278,575, must drop.

Our philosophy on establishing budget line items is to consider past actual activity, consider the status of current year revenues and expenditures, and any anticipated change of activity for the future year. In the end, the number proposed is our best anticipation of the activity for 2019. A budget is a plan on how municipal dollars shall be spent. Should fiscal reality change, the budget needs to change with it.

At the end of this memo is a detailed explanation of the various line items that are not obvious, and of the major changes in them.

### ***Debt Service Budget:***

The total amount of tax levy requested is \$345,229. It covers existing general obligation principal and interest payments assigned to the general fund including the estimated principle and interest payment of \$48,575 for the Coal Dock Rehabilitation Project loan. This loan is expected to close on October 1. Once that occurs, I will get the finalized amortization schedule and can adjust this figure to the final, correct amount. As previously stated, it is estimated that this amount will result in an approximately five percent (5%) levy increase.

For each of the next seven years, there will be at least one debt issue that will be retired. Managing this will be important in relation to the levy limit laws and avoiding large swings in the tax rates. The overall tax rate will decline over the next several years because of the debt retirements, but there is also debt capacity that will be gained if the City had a need or desire to take out new debt for capital needs. This should be done in a way that would stabilize the tax rate.

For 2019, it is recommended that one of the debt issues, the USDA Ineligible Stormwater and Street Improvement loan from the mid-2000s be retired as opposed to being refinanced. Although this will further reduce funds available for capital improvements for this year, it will start the path forward to reducing the City's debt which allows for planning for future debt issues to address capital needs. Also, this action will help the Storm Water Utility fund to strengthen, repay what it owes the general fund, and begin to plan for additional project in the future as well.

To accomplish the proposed debt retirement in 2019, the Debt Service Fund balance, which is currently being used to carry the payments on a lease for the dump truck, will need to be exhausted. That lease payment will need to be accounted for in next year's levy. That will not result in an increase to the tax rate as the payment is smaller than the debt that is proposed to be retired.

### ***Capital Budget:***

An allocation of \$231,378 in property tax dollars is being recommended for capital purchases. At this time, I

have not calculated the fund balance for carry-over (unfinished) projects. That is something that maybe done prior to the end of the year.

The following capital outlay items have been included in this budget:

**Total General Fund Capital Expense: \$231,378**

Ambulance: \$3,400 to replace some of the radios and pagers.

City Hall – \$8,000 for a new server. This was last replaced in 2013, and has been showing signs of wear. Needless to say, if the server goes down, many functions of the City go down with it.

Street & Alleys crack filling – \$122,478 for scrub/fog seal of selected streets, or reconstruction of 10<sup>th</sup> Avenue West from CTH C to Jackson Rd. Any additional money available should be considered for this.

Library- \$85,000 to be put towards the tuck-point project. This is approximately one-third of the total estimated costs of this project. Recommend that a directive be given to the Library Board to seek the remaining two-thirds of this project through grants and fundraising.

Fire Department – \$10,000 to pave an area behind the Fire Hall to prevent washouts with vehicles coming and going, and to prevent gravel and sand from coming in with vehicles and hoses. The area is used for training as well.

Street Signs and Markings – \$2,500 for sidewalk/curb cut and parking changes to improve pedestrian traffic and safety at the intersection of Bayfield Street and Washington Ave.

Note that there are going to be some capital items requested for the utilities that will be considered in the utility budgets.

**Please note that the following items were requested, but not included in the proposed Capital Budget:**

Ambulance - \$175,000 for Ambulance Hall addition for an additional bay.

\$3,000 for defibrillator

Washburn School District - \$120,000 for sidewalks on 5<sup>th</sup> Avenue West. (Recommend special assessments if this project is to move forward).

Ordinance Codification Project - \$40,000 – In order to get our non-zoning ordinances searchable and on-line, this project would need to be done. Currently, the zoning code is separated out of the code book which requires staff to manage updates separately.

Comprehensive Plan Update Project - \$20,000 – The comprehensive plan was due for an update in 2017.

City Hall Windows - \$50,000 – This project has been on the table for over 10 years.

City Hall Rear Door - \$7,000 – Door locking system

Streets - \$110,000 Street work for the alternate option of either scrub/fog seal selected streets/or 10<sup>th</sup> Avenue West between CTH C and Jackson Rd.

Parks - \$40,000 – for bathroom upgrades and new benches. (Potential for some funding from the Park Designated Fund)

\$20,000 – New mower for the parks

\$50,000 – Docks (This amount is an estimate and assumes that grant funding would contribute to 50 percent of the total costs. This is a more appropriate use of the designated fund, as these should be longer lasting items.)

Cemetery - \$5,000 – Road patching

**Total of unfunded items \$640,000**

Although these items are important, there are only so many dollars the City has to complete projects, replace equipment, and make any desired upgrades. The Council can expect to see the items that were not funded this year again in the future. It will be important to consider a borrowing in the future to take on long lasting projects such as street work and any other longer-lasting projects related to building upgrades. I would tend to avoid borrowing for vehicles and shorter-life items so that we are not making payments after the useful life of items.

***Operating Budget:***

Overall, there are very few changes to the Operating Budget. This budget assumes a 2.00 percent wage increase for all full and part-time staff, including on the ambulance run rates. Besides health insurance, other missing information includes: Shared Revenues, Highways Aids, and County Library Aids. No significant changes are anticipated in those areas, so we have projected revenues for these items as remaining flat.

As for changes on the revenue side, modest adjustments are being made in few areas to reflect current trends. The City will receive expenditure restraint dollars in 2019 after missing it in 2018 because of the levy increase in 2017. Based on the recommended budget, I anticipate meeting the criteria for 2020. No change to the garbage or camping rates are proposed for 2019. Fire and Ambulance contracts have increased this year by 3.9 percent. Payments on the new fire tanker will be received for the next year, and the year after. Changes in how the City is investing its money is increasing interest revenue. It is projected to keep the fund balance at around 18 percent of the total operating costs of the city. This is lower than it should be. Ideally, we should be at the 20-25 percent level. Nonetheless, the amount proposed to be taken out of the fund balance has been reduced. We need to continue to encourage the departments not to spend down their budgets. If the departments spend down their budgets, we will continue to have tight fiscal years with a low fund balance. This will lead to fewer dollars available for capital projects. The more the departments can conserve, the more dollars are available for capital projects.

On the expenditure side of the budget, retirement contribution rates that both the City and the employees contribute declined slightly. Insurance figures for property/liability have increased nominally, while Workman's Compensation was reallocated as some areas increased and others decreased. You will see the

expected increase for attorney and accounting costs based on contracts that were approved. The budget does project a two percent increase for staff. This budget does keep a Public Works Director position.

Regarding the ambulance service specifically, several large increases were requested by the Ambulance Director. The requested increases included going from \$2/hour to \$3/hour for the on-call rate, increasing the run rate from \$35.70 to \$40 (I am recommending to \$36.41 or 2 percent), increasing the length of service award by \$500 if the EMT exceeds minimum hours by 15 percent, increasing incentive pay and clothing allowances, and an increase for the officers. With these increases, and other increases that are required or requested for the department, the ambulance service budget would have increased by 30 percent or nearly \$69,000. The City could not absorb this without cutting at least one other position, and I do not believe the requested increases really address the underlying issue in the department. That issue is a lack of daytime coverage. Before a large amount of money is put into the ambulance service for staffing, we need to make sure that the changes will actually assist the daytime coverage issue. For the time being, I have a \$10,000 placeholder allocation in the run rate to note this issue, but that is certainly not going to be enough to address this problem. A full analysis and discussion is going to need to take place on this issue to explore all options and costs to assure daytime coverage in the future. The impact of this discussion is going to be significant as it could impact our service contract with the surrounding towns which expire in 2020, and some options would certainly need an operating referendum in order to be approved. This will need to be a priority issue to address in the coming year.

***Recommendations/Conclusion:***

1. Maintain the current staffing levels of the City, or select entire program areas to discontinue. A reduction in staffing will lead to ineffective management and implementation.
2. Review and plan for capital improvements going into the future with the fact that several debt issues retiring in the coming years.
3. Analyze the staffing situation in the Ambulance Service and come back with a recommendation(s) to assure adequate staffing levels for all shifts going into the future.
4. Continue to look for any new source of revenue. This budget seeks, particularly in the capital budget, to maintain existing infrastructure, and focusing on areas that will provide a return on investment.

Besides these recommendations, it is vital that the City encourage the expansion of its tax base and seek other sustainable revenue sources to keep its property tax rate low, maintain quality services for its citizens, and maintain a competent staff. Roughly one third of the City's revenue is from State aids, one third from property taxes, and one third from other fees. The other fees have been carrying the City for the past several years and it appears they will need to continue to do so for some time as tax revenue is limited and state aid has been decreasing over the years. This is not a sustainable path. The City needs to be open to businesses that are looking to invest here as that is the only way, under the structure that we are forced to work with, that the City can maintain services and provide amenities that the citizens are demanding.

The Mayor and the administration would be happy to listen to your policy ideas. If you have any questions on the details of this budget, please do not hesitate to contact me. For those not on the Finance Committee, please contact the Finance Committee members if you have concerns. The schedule for the budget adoption is attached. It is now up to the Council to consider these recommendations.

## **Revenues:**

### **Taxes:**

General Property Taxes - Amount of total levy allocated to the operating budget. The increase is a result of taking dollars from the capital budget where you will see a decrease.

Room Tax - Based on estimated figures. Of this income, 90 percent is turned over to the Chamber of Commerce. Five percent of the revenue is kept for administrative purposes and five percent is kept for the beautification of Bayfield Street. The amount was increased this year based on activity.

Taxes from Municipal Utility – These were fees paid by the water utility in lieu of taxes. The Council voted in 2010 to assist the water utility and reduced this amount to zero. Sewer Utilities are not allowed to make this contribution.

Taxes from Housing Authority – This is a payment in lieu of taxes by an agreement with the Housing Authority.

### **Intergovernmental Revenues:**

Shared Revenues – Dollars received from the State to offset the property tax burden. The increase is because of a new personal property tax aid payment that will be made.

Expenditure Restraint- A program that incentivizes keeping the combined budget increases low. The City was not eligible for 2018, but is for 2019, and I estimate that this proposed budget would make the City eligible again in 2020.

Business Computer Credit – Since business computers were exempted from personal property tax, the State “fills the gap” by providing this payment to municipalities. This is the last figure that can be entered into municipal budgets, and I cannot calculate it until the end of the budget process. I anticipate that it will be about \$600, and I propose that it would offset the amount of money that is budgeted to be taken out of undesignated surplus.

State Medical Transport Reimbursement – A form of state aid to assist with the low Medicaid mileage reimbursement rate.

Fire Insurance – Payment from the State from home insurance policies. This is also known as the 2% dues and we have requirements for certain Fire Department expenses to continue receiving these funds.

Law Enforcement Aids – Money received from the State intended for police training

PD Counter Act Fund – Fund created from seized property for police department use for community education and crime prevention programs. This fund has now been converted to the DARE program fund.

State Aid Recycling Grant – Money received from the State to reimburse some costs for providing a recycling program.

Highway Aids – Based on an average of municipal funds spent on municipal roads over the past three and six

years. Best information available included at this time.

Other Payments for Municipal Services – Payment in lieu of taxes provided to local government from the State for police and fire protection for State facilities located in the community (DNR forestry building).

Library – Co Grant – Anticipated amount of funds to be received from the County for library operations. The County will be making their decision on this as part of their budget process.

Library Cross County – Funds received from other counties for library operations.

**Licenses & Permits:**

All revenues based on estimated income. Operator licenses are bartender licenses. Sundry licenses are for publications fees and special picnic licenses. Cable Franchise is collected from all cable customers in the City. Building and zoning permits are expected to remain the same. The lease agreement is the payment received from Harbor View (formally the Steak Pit) for the lease of land.

**Fines, Forfeitures & Penalties:**

All revenues based on estimated income. Court penalties are from citations that are issued by the police department.

**Public Charges for Services:**

Copy Service – Money received from charging for public use of the copy machine as well as copies of police reports, ambulance reports, and open records requests.

Ambulance Fees - With the number of ambulance runs and maintaining fees at the maximum Medicare rate, we can expect to receive \$120,000 from ambulance billing in 2019.

Solid Waste Disp. Customer – No change to the garbage rates are proposed to be changed for 2019.

Fees Charged/City-Wide Cleanup – Fees brought in during the city-wide clean-up days. Both clean-up days are now charged.

Cemetery – Burial fees.

Cemetery Lots – Portion of cemetery site cost for expansion/development of cemetery from lots sold.

Park Fees West End & Camp Fees Memorial – The amounts indicated for revenue that go into the general fund from camping fees. Currently, \$4 of every daily electrical site camping fee paid goes to the Park Designated Fund for future improvements.

Seasonal Security Deposit/Other Park Fees – This is a deposit to secure a site and is returned to the camper if site is left acceptable. Other park fees include the dump station. (Pavilion rental fees are also deposited into the Park Designated Fund.)

Firewood Sales –sale of firewood at the campgrounds

Recreation Program Proceeds – Ice rink rental income.

Youth Center Concessions – Money taken in on concession sales at the skating rink.

Sidewalk Repairs – These are payments received by the City for replacing individuals' sidewalks and charging costs back to the property owner.

Equipment Rental – No other governmental entities have rented our equipment this year.

Material Sales – Any excess materials sold to private contractors.

**Intergovernmental Charges for Services:**

Fire and Ambulance Contracts – These payments are received from the Towns of Barksdale, Bayview and Washburn for City Fire and Ambulance services. Per the contract, increases and decreases for the fire and ambulance services are based on the consumer price index. An additional \$40,622 of revenue from the towns is from their share of the new Fire Department water tanker. This payment will continue for one more year.

Landfill Long Term Maintenance – Funds received from the Towns of Bayview and Washburn for the annual mandated inspection of test wells at the old landfill.

**Other Financing Sources:**

Interest on Investments – This is interest that the City receives on its invested reserve funds. Amount adjusted to reflect an increase in rates due to money transferred to higher interest accounts. In 2007, the City was getting nearly \$40,000 of interest revenue with the same amount of money in the bank. Bremer Bank is currently charging fees because of maintenance costs with our accounts, but we are more than breaking even right now.

Rent – Rent of City buildings.

Property Sales – No revenue should ever be anticipated from property sales because the City cannot predict or anticipate that property will be sold.

Sale of City Equipment – These are proceeds from the sale of used City equipment.

Insurance Recoveries – A refund that the City typically receives from its insurance carrier from the insurance company dividends. This amount varies wildly, so we should not expect to receive large amounts each year.

Donations – Money received for various causes.

Miscellaneous Revenues – Includes fees received from certification letters sent by the Clerk's office for property sales.

Garnishment Revenues – Fees charged to employees for processing additional payroll withholdings.

### **Transfers from Other Funds:**

Transfer from General Fund – \$164,904 is the dollar amount to be used from the City Savings account to balance the proposed budget. This amount is down from last year and needs to remain low as long as the fund balance is below 20 percent. I anticipate the fund balance with this budget to be at 18 percent.

Transfer from Tax Increment – Repayment amount for 1<sup>st</sup> Ave East Project.

Transfer from ACT 102 – These are funds received for one-time expenditures for the Ambulance Service. The same dollar amount is indicated on the expenditure side.

Transfer from Storm Water – Payment on the loan that the Storm Water Utility owes to the General Fund. No payment will be made in 2019 as the funds will be needed to assist with the payoff of a loan issue.

### **Expenses:**

#### **General Government:**

Council Per Diem/ FICA – Council wages for meetings.

Mayor Salary – Reflects 2 percent increase per Council action on February 8, 2016.

Mayor Retirement – Required contribution to retirement. Rate changed to 6.55 percent. *(During review it was noted that the Mayor does not meet the eligibility requirements, so this can be removed)*

Pub.Fees Newspaper Adv. – Covers all general advertisements and legal notices that must be published by law.

Attorney – Covers expenses related to the new City Attorney contract.

Legal Contingency – This is the amount budgeted for the labor attorney. There are many issues besides labor negotiations that come up that may require attorney assistance.

Municipal Code Services – Charges to codify all ordinance amendments approved.

Administrator Salary/Benefits – Salary reflects 75 percent of total wage for administrator. I have allocated the percentage of wages to various portions of the budget due to changes in operations, tasks, and time spent in various areas. This keeps, as accurately as reasonably possible, a true account of costs for particular areas. All full-time and permanent part-time staff have a two percent wage increase projected in this budget. Health insurance is anticipated to increase by 2 percent. Employees contribute 12 percent of the health insurance rates. The retirement contribution rate for 2019 will be 6.55 percent for general employees. Because of the recent changes in the State, the City and the general employees each contribute the same percentage for retirement.

Administrator Mileage – Mileage amount paid out on an as-used basis.

City Admin Intern – No funds allocated for an intern.

Clerk Salary/Benefits – Reflects a portion of the Assistant Administrator and Treasurer salaries.

Clerk and Admin Asst. Mileage – Allocation for travel to conferences and trainings for City Hall staff.

Administrative Assistants – Reflects 13 percent of the Deputy Clerk-Treasurer.

Elections – Reflects wages, materials, and publications for a potential of two elections next year.

Office Dept. Prof. Service – Contracts for software support for city accounting/utility/ambulance billing systems.

Computer Contract – For computer technical support.

Audit/Accounting Prof. Service – Due to new government regulations, we need a separate CPA to sign off on the City's accounting which needs to be independent of the audit services. This has increased our costs.

City Hall Employee Incentives – Line item, also located in Public Works and Library sections, to provide a nominal reward program for employee ideas that benefit the City. This was approved by the Personnel Committee.

Custodian – Reflects City Hall portion of costs for half-time custodial position.

Illegal Tax Chargeback – Used for Assessor errors and adjustments.

USDA Spec. Assess. – Special assessments on City-owned property for water/sewer services.

Fringe Benefits Unemployment – For any potential unemployment payout.

Property & Liability Insurance – These costs are spread out over various departments. Total budgeted costs are \$65,521, a slight increase over last year.

Workman's Compensation – Allocated across departments. Total budgeted costs are \$33,030, a slight decrease from 2018.

Fringe Flex Benefit Plan – Cost for administering the flex benefit plan and health insurance deductible reimbursement plan.

**Public Safety:**

Police Other Pay – Holiday pay for officers on duty during holidays.

Police Retirement – The City's contribution rate will be 10.55 percent. The employees will be contributing 6.55 percent.

Police Department Special Event – Line item used for a new computer in 2018.

Police Telephone – Upgrade to smart phones.

Police Radar – Radar calibration twice a year for three units at \$50 each.

Police Operating Supp. – Increase to reflect actual. Previous exceedances were for software upgrades and support.

Fire Dept. Length of Service – A reward program for volunteer fire fighters. This is not the same retirement system as full-time employees.

Fire Dept. Inspections – Proposed to increase from \$800 to \$1000 twice a year to conduct inspections and elementary school class visits.

Ambulance Salaries – Currently \$6,000 for Director, \$2,750 for Assistant Director, \$1,600 for Training officer, \$1,500 for the Maintenance Officer and Secretary gets \$1,000. Increases requested, but not included at this time.

Ambulance Custodian/Admin – Reflects a portion of Deputy Clerk Treasurer, Assistant Administrator.

Ambulance Attendant Fees – Currently, EMTs receive \$35.70 per call, and \$2 per hour while on an on-call shift. Proposed to increase rate based on percentage other employees receive. At two percent, the rate would be \$36.41 per call. \$10,000 included a placeholder for coverage issue – Explore higher daytime on-call rate? Other ideas?

Ambulance Run Report – Account to pay \$10 per report that must be entered into State system for each ambulance run. Increased to reflect number of runs.

Ambulance Length of Service – A reward system for EMTs. This is not the same system as full-time employees.

Ambulance Unemployment – Unemployment claims by Ambulance Service personnel.

### **Public Works:**

Street Salary/Wages – Allocated portion of salaries for streets, and all benefits for all public works categories. Some adjustments have occurred with staff changes.

Seasonal Wage (Various) – Total seasonal wages are \$36,445. This would fund two LTEs six months each and three seasonal employees June-August. The amount also includes weeds/brush seasonal for 37 weeks of compost site coverage at 8 hrs/week. Rates of pay are recommended to be \$11.00/hr for first year and \$11.50/hr for returning. An increase of 50 cents each.

Dept Personnel Training & Street Training – To provide training for all department personnel on various topics, and specific training for street personnel.

Engineering Services – To hire outside engineering consultants.

Garage Telephone – Includes cell phone costs.

Garage Operating Supplies – For items such as coveralls, paper and cleaning supplies, tools, welding rods, oxygen, paint, shovels, rakes, batteries, safety products.

Weed Brush Equipment Rental – Proposed contract with Town of Bayview to cut brush since they have the equipment \$1,600. Remainder is for contract to have brush pile at compost site chipped and removed.

Tree Control Contract Services – Dollars to remove dead or dying trees on public rights-of-way.

Blacktop Materials – For various street repairs.

Street Signs & Markings – For street signs and painting lines and crosswalks.

St. Machinery Gas/Repairs – Both adjusted to reflect actual.

D&A Testing – Random drug and alcohol testing mandated on employees with CDL.

Street Lighting – Cost of street light electricity in the City.

Docks and Harbor Commission – Electricity for coal dock lights.

Solid Waste Contract – Per contract with Eagle Waste.

City Commercial Costs – Cost of dumpsters in the city per the agreement with Eagle Waste.

City Annual Cleanup – City costs for two clean-up days.

**Health and Human Services:**

Cemetery Salaries & Benefits – An allocation of DPW staff time is charged to these functions. Changes in health insurance reflect anticipated changed in no insurance/single plan/family plan.

**Culture, Recreation & Education:**

Library - Library Board maintains control of the individual line items and how the allocation is spent. At this time, the exact amount of funding to be received from the County next year is unknown. If the City maintains existing or increasing funding levels, the library is eligible for capital improvements grants from the County.

Parks Salary – Allocation of full time DPW staff spent on parks.

Parks Admin. Salary - Allocation of administrative wages to the parks. Benefits were also allocated to Parks.

Parks Skating Rink – Wages for DPW staff maintenance.

Parks/Boat Launch Attendant – Wages for seasonal attendant for monitoring parks and boat launch.

Parks Contracted Service – Contract for cleaning service for campground bathrooms.

Parks credit card fees- Reflect the credit card fees associated with campground payments.

Parks Cable TV – Cable television/wi-fi costs to campgrounds.

Launch Repairs/Maintenance – For repairs and maintenance of boat launch area, and portable toilet costs.

Parks Walking Trail Expenses – Repairs to steps and bridges along walking trail as well as the trail itself.

Ice Rink Part-Time Aids – Pay for Ice Rink attendants.

Recreation Golf – Payment for youth golf instruction.

Recreation Tennis – For programs the Tennis Club puts on as well as maintenance of courts.

Recreation Operating Supplies – A new allocation to support Little League activities.

Celebrations – City allocation to fireworks display and other events.

Homecoming – Budgeted \$1,000 as 2019 is not a homecoming year.

**Conservation and Development:**

Urban Forestry Supplies – For planting trees on public rights-of-way.

Public Access TV – Supplies for WCAT, fee for television.

Planning Service – Has been reduced as the project has been completed. The remaining amount is for any needed corrections.

Economic Development – Annual Chamber dues and membership to the Great Lakes and St. Lawrence Cities Initiative.

Development of City Property – Expenses related to maps, surveys, engineering studies, etc. on any non-TIF District properties that could be used for potential development. (Former WDA allocation)

Vacant Land Fire Protection – Vacant City lands, not part of a specific area or department, which are now being charged the Public Fire Protection fee. Reduced to reflect actual.

Eco. Dev. Cheq. Initiative – Line item was used to make donation to Alliance for Sustainability.

Historic Preservation Commission – For Historic Preservation activities.

Zoning Admin Prof Services – Line was for when the City contracted out zoning/code enforcement duties.

BART- For the past couple years, \$500 has been coming out of Bus Shelter Maintenance to sponsor rides to the

Big Top each summer.

Paying Agent Charges – Fees associated with making payment on various City borrowings, reduced to reflect actual.

Room Tax To Chamber – 90% of room tax revenue currently goes to Chamber of Commerce, remainder for administrative expenses and Bayfield Street beautification.
