NOTICE OF PLAN COMMISSION MEETING

DATE: Thursday, February 21, 2019
TIME: 5:30 P.M
PLACE: Washburn City Hall

AGENDA:

- Call to Order
- Roll Call
- Approval of Minutes – December 20, 2018
- Public Hearing
  - Discussion and Recommendation on Conditional Use Amendment Request for Contractor Yard and Personal Storage Facility for Alltemp Heating and Cooling. Amendment will address exterior façade and architectural changes from the previously approved plan. Property Located at 330 South 1st Avenue East – Jeff Pipgras, Petitioner
  - Discussion and Recommendation on Conditional Use Request for a Home Occupation – Operate a Private Practice Counseling/Meditation Service in Accordance with Regulations of 8-536 out of the Property Located at 877 Jackson Road – Carol Koubal, Petitioner
- Discussion & Action on Façade Loan Disbursement for Brownstone Pharmacy at 114 W. Bayfield Street – Nate Swiston, Petitioner
- Discussion & Action on Façade Loan Disbursement for ABC Thrift Store at 118 W. Bayfield Street – Carol Lindsey, Petitioner
- Adjourn
December 20, 2018
5:30pm Washburn City Hall

CITY OF WASHBURN PLAN COMMISSION MEETING

COMMISSION MEMBERS: Dave Anderson, Richard Avol, John Baregi, John Gray, Jeremy Oswald, Adeline Swiston.

ABSENT: Leo Ketchum-Fish

MUNICIPAL PERSONNEL: Scott Kluver-City Administrator, Tammy DeMars-City Treasurer/Deputy Clerk

Meeting called to order at 5:30PM by Avol attendance as recorded above.

Approval of Minutes – November 15, 2018 – Moved by Baregi to approve minutes of November 15, 2018 as presented, second by Swiston. Motion carried unanimously.

Discussion & Recommendation on Architectural Review/Downtown Design Review for a Proposed Modification to a Structure at Tax ID# 33228 112 S. Washington Avenue, Nicholas Wills – Petitioner – Mr. Wills is asking to add an awning to his multifamily one at 112 S. Washington Ave, to address the snow sliding off of the roof since this is in the Downtown Design Overlay district and would be considered major work per zoning code 14-5 so it requires architectural review. Kluver points to page 10 of the definitions and feels Mr. Wills request does not meet the definition of an awning, but would be more like a roof extension and would not fall under the same regulations as an awning. Mr. Wills who was present agrees, all he wants to do is extend the roof so when the snow slides of the ice and snow falls further out, away from the building and his dogs. He will be using the same material as the current roof so that it will blend in well and will be done professionally. Motion by Baregi to approve the extension of the roof, second by Gray. Motion carried unanimously.

Discussion and Action on New Site Plan/Architectural Review for Pearl Beach Construction, Lot 48 on City Land Sale List, Tax ID# 32607, Corner of S. Central Ave. and W. Harborview Dr., Karl Dornburg – Petitioner – Joe DeFoe with C&S Design present for Dornburg. Kluver reviewed the application the only two issues he saw was the drainage issue, since they are moving less than 10,000 sq. ft, they are not required to follow the retention/detention standards according to code but he did ask that Dornburg consider some type of plan to control the water run off into neighboring properties. The second issue was addressed by adding the awning to the front of the building to brake up the front of the building as required by code since the front of the building is 890 feet. Mr. DeFoe, states Mr. Dornburg is willing to work on the drainage issue and one possibility would be to add gutter, down spouts and a swipe to direct the flow to Central Avenue. Other discussion and ideas the Commission members had was to keep the pitch toward Harborview Drive, add a culvert to the intersection of Harbor View Dr and Central Ave, so the water flow would go to the East side of Central and down the ditch on that side, since there is no ditch on the West side of Central. Motion by Gray to approve the site Plan of Pearl Beach Construction as the Site Plan, Architectural Review, Landscaping, Parking and Loading, Signs and Murals, Outdoor Lighting Plan all meet the requirements of the code, but contingent on the satisfaction of a good faith drainage plan, second by Anderson. Motion carried unanimously.

6:05 pm Motion by Avol to recess to visit the South Shore Brewery site, second by Swiston. Motion Carried.

6:15pm Avol moves to re-open meeting, 2nd by Gray. Commission members Dave Anderson, Richard Avol, John Baregi, John Gray, Jeremy Oswald, Adeline Swiston, City Administrator Scott Kluver, and City Treasurer Tammy DeMars all in attendance along with South Shore Brewery Owner Bo Belanger.

Plan Commission will visit the Site of South Shore Brewery at 532 W. Bayfield Street. This Site Visit Will Allow for the Members to Engage in Discussion and Pose Questions Related to a Potential Future Zoning Code Amendment to Allow for an Enlarged Structure on the Site and also Potential Site Development Standards. No Final Decisions Shall be Rendered During this Meeting – Mr. Belanger gave the Commission members a tour of the building, he is looking for a way to move forward with his business but is unable to expand with the current restriction. What he would like to do is extend the East side of the building another 35 to 40 feet so he can add a larger cooler and area to load the trucks, he would also like to add a vestibule to the rear south/west side of the building to help with water run-off. Current dimensional standard in the C2 will not allow him to expand as he is already over the 50% allowable building space. His lease with Kevin Flint is up in 2021 and will need to make a decision before that time if he wants to purchase/renew the lease or if he will need to find a different location, but that will depend on if the Commission is willing to make some changes to the code either a zoning district change or dimensional standards changes. All members agreed they would like to have further discussion at a meeting to look at some of the issues to see what can be done.

Adjourn - Moved by Oswald to adjourn @ 6:55pm, second by Avol. Motion carried unanimously.

Respectfully Submitted,
Tammy L. DeMars
Treasurer/Deputy Clerk
To: Plan Commission Members
From: Scott J. Kluver, Administrator
Re: Pipgras CUP Amendment – Contractor Yard and Personal Storage Facility
Date: February 14, 2019

Enclosed you will find the application materials from Jeff Pipgras for a Conditional Use Permit (CUP) Amendment for the property located at 330 South 1st Avenue East. The property is in the I-1, Light Industrial District.

The purpose of the amendment is to change the materials to be used on the exterior of the proposed structure. No proposed changes are requested of the CUP document, this is only for the site plan which include the architectural and design standards. As you are aware, an ordinance was recently passed which changed the architectural and design standards that apply in the I-1 District.

I have included the original and the amended exterior design in the packet, along with the ordinance. Please note the criteria in the ordinance by which the Commission should either approve or deny the permit.

Please let me know if you have any questions on this application.
CITY OF WASHBURN
NOTICE OF PUBLIC HEARING

A Public Hearing will be held by the Plan Commission on, Thursday, February 21, 2019, at 5:30 P.M. at City Hall, 119 Washington Avenue, for public comment on the following issue:

Conditional Use Permit Application Amendment:

A building is being constructed for Alltemp Heating and Cooling and may have several potential uses listed below at 330 South 1st Avenue East, Jeff Pipgras, Petitioner. The amendment will address exterior façade and architectural changes from the previously approved plan.

- Contractor Yard for Alltemp Heating and Cooling as defined in Section 13-1-3-15.05 per the regulations as outlined in 13-1-8-475

- A Personal Storage Facility for personal units and for vehicles and watercraft as defined in Section 13-1-3-14.03 per the regulations outlined in 13-1-8-453.

The property is zoned I-1, Light Industrial. Residents unable to attend the public hearing may provide written comment to the Zoning Administrator prior to the hearing.

Scott J. Kluver
Zoning Administrator

As required by ordinance, copy mailed to property owners within 150 feet of property.

CITY OF WASHBURN
CONDITIONAL USE PERMIT

A Conditional Use Permit is hereby granted, pursuant to Title 13, Chapter 1, Article 7, Division 3 of the City of Washburn Zoning Ordinance to Jeff Pipgras (hereinafter User), in respect to property currently zoned I-1 Light Industrial, herein referred to as Subject Property, described as:

Street Address: 330 S. 1st Ave. East
Legal Description: Lot 2 of CSM 2030
Tax ID: 37772 PIN: 04-291-2-48-04-05-105-001-03320

This Conditional Use Permit is granted for the purpose of permitting the User, and only the User, to engage in the permitted use set forth immediately below:

1. To construct and operate a contractor yard as defined in Section 13-1-3-15.05 in accordance with Section 13-1-8-475 of the City of Washburn Zoning Code.

2. For light industrial use incidental to sales/service as defined in Section 13-1-3-17.20 in accordance with 13-1-8-540 of the City of Washburn Zoning Code.

This Conditional Use Permit is subject to the following special conditions:

1. This Conditional Use Permit is issued exclusively to the User, does not run with the land for which it is issued, and may not be sold, conveyed, assigned or otherwise transferred to any other person or entity. This permit will be effective once all conditions are complied with as specified in ordinance.

2. Issuance of a Conditional Use Permit does not indicate that the City of Washburn has certified the above referenced structure nor has it inspected the building, nor does it ensure that it meets local, state, federal, or professional requirements or standards related to the subject use.

3. All waste container facilities on the Subject Property shall be screened from view (from adjacent streets).

4. User shall construct a sign upon the property; identifying the User’s business and the property address. A sign must conform to the City’s Sign Ordinance.

5. All conditional uses referred to above may be carried out upon the Subject Property 24 hours per day, seven days a week.
6. The Common Council for the City of Washburn may at some future date require regular review and renewal of Conditional Use Permits or otherwise change the Conditional Use Permit Ordinances. The holder of the permit may be subject to permit termination and/or renewal at the discretion of the Common Council or its designee. Holder of the permit may be subject to additional ordinance requirements and expense in that event.

Statement on the nature of the approval:

In approving this Conditional Use Permit, the Plan Commission confirmed the size of the parcel was not an issue, the use is compatible, the location of the use on the property is not a concern, traffic safety should not be a problem, it is a suitable use, there are no negative impacts on the environment known of, and it would not impede the normal development of the neighborhood. The Common Council adopts these findings.

Appeal rights for applicant and other aggrieved persons:

Within 30 days of the decision date, a written appeal, including the reasons for the appeal, must be received by the City Clerk. The appeal process will follow the procedure outlined in 13-1-7-23 of the zoning ordinance.

The Grand Harbor® Collection

Enhance the classic details of your home without breaking your budget.

When budget is the deciding factor, this low-maintenance, insulation-optional steel frame carriage house style garage door combines clean lines and classic charm to provide a popular style at a great value.

Accented with decorative black wrought iron hardware, these doors have the appearance of a swing-out door, but offer the convenience of modern overhead operation.
Solid Top Sections
Solid top sections in rectangular, square and arch designs provide more design options to complement new home styles.

Faux Top Sections
Faux top sections create the illusion of a window by using a solid dark gray steel background with arch, square and rectangular grille overlays. Provides added security while creating the appearance of a real window.

Glazed Top Sections
Glazed top sections in clear or obscure glass and snap-in grilles create square and rectangular designs. Wrought iron windows feature a black iron look design on a "seeded" look acrylic that provides an Old World European style to complement light fixtures, entry doors and other decorative features.

Glazed top sections (windows) NOT available in 15" and 15 1/8" widths doors.

Note: All glassed top sections available up to WacoCo® W1. Short glazed top sections, SQ22, Plain Short and Wrought iron Short (WIS) available up to WacoCo® W8.

Additional charges for optional glass apply.
Contact your local dealer for door width restrictions.
Acrylic windows require special cleaning. Never use products that contain ammonia or petroleum products to clean acrylic. Please visit cippaydoor.com acrylic for complete details.

Calculated door section R-value is in accordance with CAN/CGA TDG-163.

- 24 gauge 2" steel frame construction with 1/2" composite overlay for long-lasting performance and durability.
- Optional 1-5/8" vinyl-backed insulation improves energy efficiency. 6.3 R-value.
- Galvanized torsion springs are attractive and longer lasting.
- Nylon rollers are durable and quiet.
- Rust-resistant, aluminum bottom weatherseal retainer and vinyl astragal help seal out the elements.

Beauty and Design

- Four design series, eight models.
- Glazed top sections in clear or obscure glass and snap-in grilles create square and rectangular designs. Optional faux windows and wrought iron windows.
- Decorative black powder coated spade design lift handles and step plate provide the finishing touch. Optional outside keyed lock and strap hinges maintain the authentic carriage house style designs.
- UV-protected standard white composite square-edged overlay with smooth finish.

8-145 Compliance with building codes
A building shall comply with all applicable building codes for the intended use.

8-146 Fire and explosives
Any land use involving materials which could decompose by detonation shall be located at least 400 feet from a property in a residential or commercial zoning district or a planned development district, except that this standard shall not apply to the storage or usage for normal residential or business purposes. All activities and storage of flammable and explosive materials at any point shall be provided with adequate safety and fire fighting devices consistent with all fire prevention codes of the state of Wisconsin.

8-147 Tree and shrub removal
Within the R-1, R-2, and R-6 zoning districts, no more than 50 percent of the natural vegetation (cumulative) may be removed from a parcel for construction of a principal building, accessory buildings, driveway area, and containment areas and structures for pets and domestic livestock as may be allowed.

8-161 Legislative findings
The Common Council makes the following legislative findings regarding the site design requirements in this chapter:

1. The design and layout of a site, including principal and accessory buildings, pedestrian routes, parking areas, access drives, building service areas, docking and loading areas, outdoor lighting, signage, stormwater management facilities, and other site features, can have a substantial and long-lasting effect on the utility of the subject property and on surrounding properties and the overall character of a community.

2. The requirements in this section are intended to provide meaningful guidance to applicants, design professionals, and public officials.

3. The requirements in this section are intended to promote the public health, safety, and welfare and are reasonably related to the public purpose of achieving an attractive, functional, and prosperous community.

8-162 Applicability
Those land uses designated as requiring site plan review in the land-use matrix (Exhibit 8-1) must comply with the requirements in this division.

8-163 General site design principles
Development subject to review under this division shall adhere to the following design principles along with other requirements that may apply:

1. A building shall be arranged on the site so as to not impede traffic accessibility and circulation to or from adjacent streets and adjoining sites developed with similar nonresidential uses.

2. The front of the building shall be generally parallel to the street or a public area, such as a courtyard, plaza, or the like.

3. Cross accesses shall be provided between adjoining commercial parcels whenever it is feasible to do so.
Article 8 – Land Use

(4) A docking or loading area for a commercial, institutional, or industrial building shall be easily accessible to service vehicles, partitioned from the on-site parking area, and designed to serve multiple establishments and tenants, when possible. Partitioning from view may be accomplished by (a) integrating such area into the overall design of the building (e.g., inside of the building or use of architectural extension of a building wall), (b) using a fence; a berm; landscaping, above what is otherwise required in this chapter; other suitable feature; or (c) any combination thereof.

(5) Existing natural resources and topographic features on the site shall be preserved to the greatest extent possible while affording a reasonable use of the property.

(6) The project shall not create any hazard.

(7) The project shall be designed to avoid existing hazards, whether manmade or natural, and if avoidance is not possible, to mitigate the effects of the hazard to a satisfactory level necessary to protect the public health, safety, and welfare.

(8) Parking areas and pedestrian routes located on the site shall be designed to promote safety and efficient traffic flow.

Amendment(s):
1. Ordinance 18-006, adopted October 8, 2018

B-164 Specific design requirements
In addition to the principles enumerated in this division, projects shall be designed to comply with all other development standards in this chapter that may apply.

B-165 to B-180 Reserved

</tbody>
</table>

B-181 Legislative findings
The Common Council makes the following legislative findings regarding the architectural requirements in this article:

(1) The outward design appearance of a building can have a substantial and long-lasting effect on surrounding properties and the overall character of a community.

(2) Buildings and especially those within a largely developed area should fit into the context in which they occur.

(3) Architectural design standards should allow for a variety architectural styles and be flexible to the greatest extent possible.

(4) The standards in this section are intended to provide meaningful guidance to applicants, design professionals, and public officials.

(5) This section is not intended to limit or infringe upon reasonable accommodations to afford a person with disabilities equal opportunity to use and enjoy a building.

(6) The standards in this section are intended to promote the public health, safety, and welfare and are reasonably related to the public purpose of achieving an attractive, functional, and prosperous community.

- 153 -
8-182 Applicability
Those land uses designated as requiring architectural review in the land-use matrix (Exhibit 8-1) must comply with the requirements in this division.

8-183 Architectural standards
Buildings subject to review under this division shall comply with the following architectural standards:

1. Excluding residential buildings and industrial zoning districts, all building exteriors facing a street, not including an alleyway, shall have at least 50 percent of the street face constructed with brick, decorative masonry, glass panel, or other appropriate similar finished façade as may be approved by the Plan Commission. Such brick, masonry, glass, or other decorative facing shall extend for a distance of at least 25 feet along the sides of the structure that do not face a street or at least 25 percent of the that side wall distance, whichever is greater.

2. Outside of Industrial Zoning Districts, the appearance of any buildings with a front elevation or any building elevation facing Bayfield Street of more than 750 square feet in area shall be divided into distinct planes of 500 square feet or less. The following design features can be used to meet this provision: (1) canopies or awnings; (2) arcades; (3) porches; (4) vertical wall offsets having a minimum depth of 8 inches and a minimum width of 10 feet; (5) horizontal offsets having a minimum depth of 2 feet; (6) pilasters having a minimum depth of 8 inches, a minimum width of 12 inches, and a minimum height of 80 percent of the wall height; (7) recessed areas for entryways and the like having a minimum depth of 8 inches; and (8) other suitable multidimensional design features.

3. On any building on Bayfield Street, the front entrance of a building shall be encouraged to face Bayfield Street. When that does not occur, the Bayfield Street Elevations shall have the same, or similar, materials and designs as the front entrance of the building. Except for one or two-family residential buildings, when a building rake elevation faces Bayfield Street the roof line must be hidden behind the façade facing Bayfield Street.

4. Oversized fenestration elements which tend to create a monumental scale shall not be used unless specifically required by the type of building or relationship to its surroundings.

5. Building entrances must be clearly recognizable from parking lots and pedestrian circulation routes.

6. Rooftop mechanical equipment shall be positioned so it is not readily visible from a public street or an abutting property in a residential zoning district or in a planned development district that allows residential uses. Rooftop mechanical equipment may be placed in an enclosure or screened from view provided such enclosure or screening is used as an element of the building's architecture.

7. Fencing shall complement the appearance of buildings onsite.

8. The exterior building materials of an accessory building shall be the same as or similar to those used on the principal building.

9. Overhead doors shall not face a public street. The Plan Commission may permit overhead doors to face a public street, but only when it has made a finding that there is no feasible alternative location for such doors. Consistent with the requirements in Article 7, the Plan Commission may approve a special exception to allow an overhead door to face a public street when there is no feasible alternative.

10. HVAC (heating, ventilating, air conditioning) equipment shall be screened from view. No HVAC shall create a noise level of more than 50 decibels as measured on a dB(A) scale at the nearest existing adjacent residence.

11. When trash, garbage, and recyclable materials are stored out-of-doors, such materials shall be concealed or suitably screened from public view. A brick or stone wall, wood fence, chain-link fence with slats, and/or landscaping shall be used to totally obstruct vision into the storage areas. Any wall, fence and gate, and/or vegetative screening shall be installed or erected to a height at least 1'-6" above the highest point of the dumpster as generally depicted below.

Amendment(s):

1. Ordinance 18-006, adopted October 8, 2018
8-184 Additional standards in the downtown design overlay district
Buildings located in the downtown design overlay district must comply with the requirements in Article 14.

Re: Kouba CUP

Date: February 14, 2019

Enclosed you will find the application materials for the Kouba Home Occupation CUP for the property located at 877 West Jackson Road. The property is in the R-1, Rural Residential District.

Please note that the areas highlighted in yellow should get some extra attention as they are the usual areas of concern/variation.

Please note the criteria for which CUP applications should be approved or denied. Let me know if you have any questions on this application.
CITY OF WASHBURN
CONDITIONAL USE PERMIT

A Conditional Use Permit is hereby granted, pursuant to Title 13, Chapter 1, Article 7, Division 3 of the City of Washburn Zoning Ordinance to Carol M. S. Kouba (hereinafter User), in respect to property currently zoned R-6 Mixed Residential District, herein referred to as Subject Property, described as:

Street Address: 877 West Jackson Road

Legal Description: NE NE NE IN V.825 P.567 & W 100’ OF N1/2 SE NE NE LYING N OR JACKSON RD IN V.829 P.251 LESS S 25’ OF NE NE NE EXCEPT W 100’ IN V.829 P.250 2403

Tax ID: 32450  PIN: 04-291-2-49-04-31-1 01-000-10000

This Conditional Use Permit (Home Occupation) is granted for the purpose of permitting the User, and only the User, to engage in the permitted use set forth immediately below:

1. To operate a private practice counseling/meditation service in accordance with Section 13-1-8-536 of the City of Washburn Zoning Code.

This Conditional Use Permit is subject to the following special conditions:

1. This Conditional Use Permit is issued exclusively to the User, does not run with the land for which it is issued, and may not be sold, conveyed, assigned or otherwise transferred to any other person or entity. This permit will be effective once all conditions are complied with as specified in ordinance.

2. Issuance of a Conditional Use Permit does not indicate that the City of Washburn has certified the above referenced dwelling nor has it inspected the building, nor does it ensure that it meets local, state, federal, or professional requirements or standards related to the subject use.

3. All waste container facilities on the Subject Property shall be screened from view (from adjacent streets).

4. User shall construct a sign upon the property; identifying the User’s business and the property address. A sign must conform to the City’s Sign Ordinance.

5. All conditional uses referred to above may be carried out upon the Subject Property between the hours of 8:00 a.m. and 8:00 p.m. seven (7) days a week.

6. The Common Council for the City of Washburn may at some future date require regular review and renewal of Conditional Use Permits or otherwise change the Conditional Use Permit Ordinances. The holder of the permit may be subject to permit termination and/or renewal at the discretion of the...
Common Council or its designee. Holder of the permit may be subject to additional ordinance requirements and expense in that event.

Statement on the nature of the approval:

In approving this Conditional Use Permit, the Plan Commission confirmed the size of the parcel was not an issue, the use is compatible, the location of the use on the property is not a concern, traffic safety should not be a problem, it is a suitable additional use, there are no negative impacts on the environment known of, concerns with impacts on the neighbors were discussed and guest rules will be posted to help address these concerns, and it would not impede the normal development. The Common Council adopts these findings.

Appeal rights for applicant and other aggrieved persons:

Within 30 days of the decision date, a written appeal, including the reasons for the appeal, must be received by the City Clerk. The appeal process will follow the procedure outlined in 13-1-7-23 of the zoning ordinance.

To Whom it May Concern,

I, Carol M. S. Kouba would like to start a home-based business in one room of my house. My proposed business is named, Heavenly Healing Hands and it is being created to support individuals on their path to understanding their body, mind, and soul connection.

Many individuals benefit from self-introspection so they can deal with the situations they have encountered in life. Through the trainings I have participated in, I have learned numerous techniques that support personal and spiritual growth as well as mindfulness.

The attached business plan details the goals, objectives, and business structure.

The filing fee of $150.00 is included in the application form and the business plan I have attached to this letter.

Thank you for allowing me to create a home-based business in my home, in the community of Washburn.

Sincerely and Respectfully,

Carol M. S. Kouba
BUSINESS PLAN

Heavenly Healing Hands, LLC
877 W. Jackson Road, Washburn, WI 54891

December 14, 2018
Executive Summary

The Ownership
The company will be structured as a limited liability company (L.L.C.).

The Management
Carol is the sole owner, and therefore, manager of the company.

The Goals and Objectives
The goal of this company is to support individuals in their path to healing their body, mind, and spirit. Through self introspection and energy work techniques, clients will feel a sense of renewed calm, spiritual development, and possible physical healing.

The Product
The primary service offered is energy work, bio-energy psychology, behavioral medicine, and preventive medicine to support clients in learning more about themselves and healing their body, mind, and spirit.

The Target Market
The clients who will be using the business' services will be people in need of physical or emotional insight and healing. These clients may be young or old, depending upon their need for these services. Some clients will be local but others will be in different parts of the country.

Pricing Strategy
The pricing will be based on the number of minutes per session each client will need.

The Competitors
Local energy workers may be competitors but their type of work is different for this company's techniques. Other similar businesses include Reiki Energy Work, acupuncture, and massage, but this business uses different mind and body techniques than the businesses listed above.
Business Plan - Heavenly Healing Hands, LLC

The Company

Business Sector
The owners would like to start a business in the following industry:
Mindfulness Mentoring, Light and Energy Work.

Company Goals and Objectives
The goal of this company is to support individuals in their path to healing their body, mind, and spirit. Through self introspection and energy work techniques, clients will feel a sense of renewed calm, spiritual development, and possible physical healing.

Company Ownership Structure
The company will be structured as a limited liability company (L.L.C.)

Ownership Background
Carol M. S. Kouba (member):
Carol is a retired special education and regular education teacher with 34 years of teaching experience, and a masters degree in Curriculum & Instruction, with an emphasis in eLearning and technology.

She started her healing path when she was very young. Throughout the years she has had energy work training with a number of teachers in Minneapolis, MN, and Tahlequah, Ok.

She has also trained with Dr. Sharon Forrest at the Holman Professional Counseling Center in Lake Arrowhead, CA. It was here that she completed a Certification Facilitator Course and a Natural Healing Arts training on: Behavioral Medicine, Preventive Medicine and Bio-Energy Psychology in October of 2018.

She is also a certified massage therapist having completed her training at the Minneapolis School of Massage.

Company Management Structure
Carol is the sole owner, and therefore, manager of the company.
Organizational Timeline
The planned timeline for reaching the objectives is on an individual basis. Clients will contact the business when they feel a need to do so.

Company Assets
Company assets include massage table, massage chair for seated massages, various pieces of furniture for the energy room, and massage table dressings and lotions.

The Product

The Product
The primary service offered is energy work, bio-energy psychology, behavioral medicine, and preventive medicine to support clients in learning more about themselves and healing their body, mind, and spirit.

Marketing Plan

The Target Market
The clients who will be using the business' services will be people in need of physical or emotional insight and healing. These clients may be young or old, depending upon their need for these services. Some clients will be local but others will be in different parts of the country.

Pricing
The pricing will be based on the number of minutes per session each client will need.

Advertising
This business will be advertised through satisfied customers sharing their positive experiences. There will be no need for signs on the property or any other identifying features to advertise the business.

Competitor Analysis

The Competitors
Local energy workers may be competitors but their type of work is different for this company's techniques. Other similar businesses include Reiki Energy Work, acupuncture, and massage, but this business uses different mind and body techniques than the businesses listed above.

Staffing
Heavenly Healing Hands, LLC will employ one full-time employee in the initial startup phase.

shall only become effective when all required signatures have been obtained and the original signature copy is returned to the zoning administrator.

(18) **Public record copy.** A duplicate copy of the decision document shall be retained as a public record.

(19) **Recording of decision document.** If the property owner returns the decision document within the required time period with the required signatures, the zoning administrator shall record the decision document against the subject property in the office of the Bayfield County register of deeds.

(20) **Administrative steps.** If the conditional use is approved and the zoning administrator has created a map showing conditional uses, the zoning administrator shall add the conditional use to that map.

Amendment(s):
1. Ordinance 18-001, adopted April 9, 2018

### 7-55 Basis of decision

(a) **Generally.** When reviewing conditional uses other than nonconforming conditional uses, the Plan Commission in making its recommendation and the Common Council in making its decision shall consider the following factors:

1. the size of the parcel on which the proposed use will occur;
2. the presence of and compatibility with other uses on the subject property, if any;
3. the location of the proposed use on the subject property (e.g., proximity of the proposed use to other existing or potential land uses);
4. effects of the proposed use on traffic safety and efficiency and pedestrian circulation, both on-site and off-site;
5. the suitability of the subject property for the proposed use;
6. effects of the proposed use on the natural environment;
7. effects of the proposed use on surrounding properties, including operational considerations relating to hours of operation and creation of potential nuisances;
8. effects of the proposed use on the normal and orderly development and improvement of the surrounding property for uses permitted in the zoning district and adjoining districts; and
9. any other factor that relates to the purposes of this chapter set forth in s. 1-5 or as allowed by state law.

(b) **Nonconforming conditional uses.** When reviewing nonconforming conditional uses, the Plan Commission in making its recommendation and the Common Council in making its decision shall make the following determinations:

1. The nonconforming use will not be adverse to the public health, safety, or welfare.
2. The nonconforming use is in keeping with the spirit and intent of this chapter.
3. The nonconforming use would not be otherwise detrimental to the area and in particular the surrounding properties.

The Common Council shall grant approval for a nonconforming conditional use only if the council can make an affirmative finding for all of the criteria listed in this subsection.

(c) "Substantial evidence" as used in this Article means facts and information, other than mere personal preferences or speculation, directly pertaining to the requirements and conditions an applicant must meet to obtain a conditional use permit and that reasonable persons would accept in support of a conclusion.

Amendment(s):
1. Ordinance 18-001, adopted April 9, 2018
7-56  Imposition of conditions

(a) Generally. The Plan Commission may recommend and the Common Council may impose one or more conditions of approval as may be necessary to grant approval. Such conditions and restrictions may relate to the establishment, location, construction, maintenance, operation of the use, off-site impacts, and any other aspect of the use that impacts the public health, safety, or general welfare. Conditions as to the permit’s duration, transfer, or renewal may also be included. All conditions must be reasonable and, to the extent practicable, measurable. Any condition imposed must be related to the purpose of the evidence and be based on substantial evidence.

(b) Condition may not lessen any requirement. A condition of approval shall not lessen a development standard or other requirement contained in this chapter.

(c) Special consideration for solar panels. In those instances where a solar panel is classified as a conditional use, the reviewing authority may impose one or more conditions of approval, provided the condition satisfies one of the following:

(1) The condition serves to preserve or protect the public health or safety.
(2) The condition does not significantly increase the cost of the system or significantly decrease its efficiency.
(3) The condition allows for an alternative system of comparable cost and efficiency.\(^6\)

(d) Effect on contracts with another party. The Common Council shall not condition or withhold approval based upon the property owner entering into a contract or discontinuing, modifying, extending, or renewing any contract, with a third party under which the third party is engaging in a lawful use of the property.\(^7\)

(e) Special condition for business as property owner. As a condition of approval of a conditional use, the property owner if it is a business entity, such as a limited liability company or a corporation, shall for the life of the conditional use continuously maintain a registered office and registered agent in the state of Wisconsin as evidenced by registration with the Wisconsin Department of Financial Institutions.

Amendment(s):

1. Ordinance 18-001, adopted April 9, 2018

7-57  Application form and content

The application submitted shall include an application form as may be used by the City and a project map prepared at an appropriate scale depicting the information listed in Appendix A.

7-58  Staff report content

The staff report shall contain preliminary findings for the decision criteria listed in this division and other information deemed appropriate.

7-59  Content of decision document

(a) Approval. If the application for a conditional use is approved, the decision document shall include the following:

(1) a statement that the application is approved,
(2) a description of the conditional use,
(3) a description of where the conditional use will occur on the property,
(4) reasons for the decision based on the criteria listed in this division,
(5) a list of conditions of approval that must be satisfied prior to the establishment of the conditional use or complied with during the life of the conditional use, or both.

---

\(^6\) Commentary: See s. 66.0401(1m), Wis. Stats.
\(^7\) Commentary: See s. 62.23(7)(gm), Wis. Stats. The City, for example, could not require an applicant to terminate an existing contract with another party that is engaged in a lawful use of the property.
[6] a statement indicating that the property owner must sign the decision document and return it to the zoning administrator to acknowledge acceptance of the same,

[7] a statement that the applicant may appeal the decision to the Zoning Board of Appeals.

[8] a statement that an aggrieved person, other than the applicant, may appeal the decision and that any work done by the applicant as authorized by the approval is done at the applicant's risk.

[9] a statement indicating the nature of the approval (i.e., personal to the property owner or runs with the land).

[10] other information the Common Council or zoning administrator deems appropriate.

[11] the signature of the zoning administrator on behalf of the Common Council, and

[12] the date of the decision.

(b) **Denial.** If the application for a conditional use is denied, the decision document shall include the following:

[1] a statement that the application is denied,

[2] a description of the project, including acreage and proposed use characteristics,

[3] reasons for the decision based on the criteria listed in this division,

[4] a statement indicating that the denial does not limit the applicant's ability to resubmit a revised application for consideration,

[5] a statement that the decision may be appealed as provided for in this division,

[6] other information the Common Council or zoning administrator deems appropriate.

[7] the signature of the zoning administrator on behalf of the Common Council, and

[8] the date of the decision.

### 7-60 Effect of approval

Unless otherwise specified in the conditional use order, approvals are personal to the property owner meaning the approval automatically lapses when the property owner ceases to own the property.

### 7-61 Expiration of an approval

(a) **Non-establishment of use.** If the zoning administrator determines that substantial work as authorized by a conditional use approval did not commence within 12 months of the date of approval or if substantial work did commence within 12 months of the date of approval but has not continued in good faith to completion, he or she shall initiate the process to terminate the approval pursuant to Division 18 of this article. Upon written petition and with cause, the zoning administrator may grant a one-time extension not to exceed 6 months provided (i) the permit holder requests the extension prior to the expiration of the approval, (ii) the permit holder clearly demonstrates that circumstances beyond his or her control prevented the start of construction and the continuation of the same, and (iii) the project complies with this chapter in effect at the time the extension is granted.

(b) **Cessation of use.** If the zoning administrator determines that a conditional use has ceased to operate for any reason, whether intentional or otherwise, for more than 12 continuous months, he or she shall initiate the process to terminate the approval pursuant to Division 18 of this article.

### 7-62 Amendment of an approved conditional use

Following approval of a conditional use, the Plan Commission shall review all proposed changes to the approval. If in the opinion of the Plan Commission, the proposed change constitutes a minor alteration, the Plan Commission may approve the requested change in writing at a regular or special meeting of the Plan Commission without following the review procedure in this division. If the proposed change constitutes a major alteration, the review procedure in effect at the time of submittal shall be followed.

### 7-63 to 7-70 Reserved
To: Plan Commission Members

From: Scott J. Kluver, Administrator

Re: Façade Loan Disbursement

Date: February 13, 2019

Enclosed you will find two requests for façade loan disbursements.

First is the request for the Brownstone Pharmacy building. You will see that a majority of the work has been completed. Expenses totaling $3,800 of the $5,151 allowed. There is some trim and detail work that is unfinished. In the explanation, Mr. Swiston explains that the remaining work needs to be completed in the spring and he would like reimbursement for the existing expenses. I have no objection to this if the Plan Commission is comfortable with this. If the Plan Commission goes along with this, they should decide if the final payment should be held for Plan Commission approval.

Second is the request for the ABC Thrift Store. You will see total costs in the amount of $9,455.08. It was noted that all work appears to be complete except for the lighting. In speaking with Carol Lindsey about the project, she would like to submit a request at a later date for the lighting to take the amount up to the approved total of $10,000 if that is acceptable to the Plan Commission. Like with the Brownstone Project, the Plan Commission should decide if that is allowed and if there will be a need to appear again in front of the Plan Commission. Besides that, I believe the other work has been completed as was outlined in the application and recommend approval of the disbursement.
Sounds great on the snowmobile plan meeting. I can make a 30-1hr meeting work most Mondays or Tuesdays or even late Wed afternoons. I would be your schedule is tighter than mine, so shoot me a date/time and I'll sure try to make it work.

So, regarding the facade.... In my project description on the application, I noted we would replace glass, aluminum frames and woodwork (surrounding and supporting the windows). We do have additional plans to finish below the windows with real brownstone but due to weather delays, we will not be able to address that until spring. Some of the absolute finish trim work is contingent on the brownstone. However, the 2 major projects have been completed, being the windows and the supporting structures. I am sitting on an invoice to Schraunagel glass for the balance of $3800 and am sure hoping I can draw that now or soon. I believe I requested $5151 from the facade but the remaining $1351 you can hold until we are invoiced for the Brownstone in the Spring.

Does this work?

Thanks...Nate

On Mon, Feb 11, 2019 at 11:03 AM <washburnadmin@cityofwashburn.org> wrote:

Nate,

I would be happy to set up a time to discuss with you. What is your availability?

Also, you asked about the façade reimbursement. In a previous message, I stated that the project needs to be complete and in approved by the Plan Commission. When I took the after photos a couple weeks ago, I noted that trim work was not yet complete. Has it been done now? If so, I can take new photos for the meeting next week Thursday.
